

# City of Seattle Preliminary Assessment Report

November 24, 2009

This report represents a preliminary determination of project requirements from various city departments based on project characteristics that you identified on the Site Plan and the Preliminary Application Form and also on your pre-application site visit (PASV). The city's goal is to provide you with as much information and assistance as possible prior to your permit application submittal. Complete and accurate application materials help to reduce the need for correction cycles that delay permit approval. This coordinated list of requirements and decisions has been created for you to use as reference for creating a more complete submittal package. The information in this report can also be utilized if you need to develop a street improvement plan (SIP) for submittal to SDOT for SIP Design Guidance and 90% completed SIP acceptance (see SDOT CAM 2200, 2201, 2211, 2212, 2213, and 2214).

PASV report requirements may be subject to additions, changes, or modifications by the department. The purpose of the report is to alert the applicant that there may be unusual or complex site conditions that trigger requirements from the department regarding this project. The applicant is responsible for providing all required documents at the intake appointment. If you have questions about this report or PASV process, please contact the DPD Site Development Team at (206) 684-8860.

**Note:** A preliminary assessment is being conducted on all land use projects as well as new free-standing buildings (new construction). If you have a building project associated with your land use project, the preliminary assessment will not be repeated on the building project.

The applicant assumes full responsibility for determining all permit requirements and infrastructure improvements per applicable sections of the Seattle Municipal Code and the City of Seattle's Right-of-Way Improvement manual.

- If an SIP is required, SDOT must accept your 90% complete SIP before DPD construction intake (see CAM 2200, 2206, 2209, 2211, 2213, and 2214).
- If street improvements are required, you must obtain all necessary permits from SDOT.
- Street use permits are required for all work in the right-of-way (see SDOT CAM 2100).

## Project Summary

<b>AP/Project No.</b>	3010869	<b>Ground Disturbance</b>	N
<b>Application Template</b>	PRJ	<b>PASV Required This Permit</b>	Y
<b>Application Type</b>	DISCRETIONARY LAND USE ACTION	<b>Date PASV Completed</b>	11/18/09
<b>Category</b>	COMMERCIAL	<b>PASV Done Under</b>	
<b>DPD Review Type</b>	FULL C	<b>Permit Remarks</b>	
<b>Address</b>	1921 1st Ave		
<b>Location</b>			
<b>Zoning</b>		<b>Applicant</b>	JON O'HARE 26456 MARINE VIEW DR S DES MOINES WA 98198 (425) 301-9541
<b>King County APN</b>	<a href="#">1977200416</a>		
<b>Permit Status</b>	Initial Information Collected		
<b>Description of Work</b>	SEPA - Change of use from office to residential on the 5th floor and addition of 2 rooftop apartments.	<b>Applicant Email</b>	<a href="mailto:jon@permitcnw.com">jon@permitcnw.com</a>

## PASV Report

**Contact:** Matthew S Recker, (206) 233-5034, [Matt.Recker@seattle.gov](mailto:Matt.Recker@seattle.gov)

### ECA Mapping Unit and Type

Non-ECA

### Existing ROW Conditions

#### 1ST AVE

Street conditions:

Asphalt paving

Curb conditions:

Curb adjacent to site

Concrete

Approximate curb height: 3 inches

#### POST AL

Street conditions:

Concrete paving

Curb conditions:

No curb adjacent to site

### Potential Impacts to Seattle Parks Property

No parks property in vicinity

### Tree Protection

Existing trees appear to be shown accurately on the site plan

### Inspectors Notes

Site access slopes down gently to the south on 1st Ave side; relatively level access from Post Al. If any earthwork is proposed, erosion control BMPs will be required. This report was completed for a master use permit application. Additional requirements may apply to any construction permit applications.

## Seattle City Light Requirements

**Contact:** Bob Hansen, [bob.hansen@seattle.gov](mailto:bob.hansen@seattle.gov)

### Other Requirements

- Contact your Electric Service Representative, Craig Rogge, at (206) 386-1677 for any changes to your electrical service needs.

## DPD Drainage Requirements

**Contact:** Michelle M Macias, (206) 684-3068, [michelle.macias@seattle.gov](mailto:michelle.macias@seattle.gov)

The following requirements are based on the current stormwater and side sewer codes. Major updates to these codes are expected in the fourth quarter of 2009.

### Drainage

The drainage point of discharge (SMC 22.802.015.C.1) is located at: Other. NA

#### Flow Control Compliance

All new, replaced, and disturbed topsoil shall be amended with organic matter per rules promulgated by the Director prior to completion of the project to improve onsite management of drainage water flow and water quality per SMC 22.805.020.E. Refer to CAM 531, Post Construction Soil Management. For projects with 5,000 square feet or more of new plus replaced impervious surface, a comprehensive drainage control plan and construction stormwater control plan shall be prepared by a licensed engineer.

All single-family residential projects shall implement green stormwater infrastructure (GSI) to the maximum extent feasible per SMC 22.805.030. Refer to CAMs 530-537 - Green Stormwater Infrastructure on Private Property. Refer to Director's Rule 19-2009 - Green Stormwater Infrastructure - Requirements for All Projects.

Submit a Standard Drainage Control Plan for Single Family Projects that includes a GSI Calculator per DR 19-2009.

### Permanent and Temporary Dewatering

The footing drain (if part of building plan) point of discharge (DPD DR 3-2006/SPU DR 02-06 VII.H) is located at the following: Other. NA

### Other Requirements

- Drainage review not required for this project. Please disregard any drainage requirements listed (amended soils and GSI).

## DPD Land Use Code Requirements

**Contact:** Mark J Taylor, (206) 684-5049, [mark.taylor@seattle.gov](mailto:mark.taylor@seattle.gov)

### Street Requirements

Based on the scope of the proposed project, the following street improvements are required per Chapter 23.53 of the Seattle Municipal Code. Please review Right-of-Way Improvements Manual for design criteria (<http://www.seattle.gov/transportation/rowmanual/manual/>). Show required street improvements on your "enhanced site plan" at DPD permit application intake. If an SDOT Street Improvement Plan (SIP) is required, please list SDOT project number and SDOT contact name on the enhanced site plan. Street Improvement Plans must be accepted by SDOT prior to DPD permit application intake.

#### 1ST AVE

Based on the documents provided, no street improvements are required per SMC 23.53.015 and SMC 23.53.006

Street trees shall be provided in the planting strip according to Seattle Department of Transportation Tree Planting Standards. Contact SDOT Urban Forestry (for residential projects: (206) 684-TREE; for all others: (206) 684-5693), to determine species of tree and standards of planting. Please add a note to the site plan showing size, location and species of tree to be planted.  
<http://www.seattle.gov/transportation/treeplanting.htm>.

### Alley Requirements

#### Post Alley

Based on the submitted documents, no alley improvements are required per SMC 23.53.030

## SDOT Requirements

**Contact:** Joel Prather, (206) 615-0772, [joel.prather@seattle.gov](mailto:joel.prather@seattle.gov)

The City of Seattle's Right-of-Way Improvements Manual (ROWIM) and SDOT's Street & Sidewalk Pavement Opening and Restoration (PORR) Director's Rule 2004-02 may be accessed from SDOT's Street Use website at: [http://www.seattle.gov/transportation/stuse\\_docs.htm](http://www.seattle.gov/transportation/stuse_docs.htm). Whenever possible, specific reference notation for these two design documents is noted next to the design characteristics below. Be advised that these specific section and chapter references are provided as preliminary guidance only and are not comprehensive in scope.

### SDOT Permitting Information

Initial Review Deposit: To be determined

SDOT Plan Requirements: Plan

SDOT Permit Requirements: Group 1:Over-the-Counter. Obtain from SDOT anytime prior to construction of installation.

### Alley Requirements

#### Post Alley

Other requirements: no requirements per DPD LU.

## SPU Requirements

**Contact:** Kim Serwold, (206) 733-9340, [kim.serwold@seattle.gov](mailto:kim.serwold@seattle.gov)

### Drainage and Wastewater Requirements

Other requirements: Amended soils not required, if no land disturbance in the ROW.

#### Flow Control Compliance

All new, replaced, and disturbed topsoil shall be amended with organic matter per rules promulgated by the Director prior to completion of the project to improve onsite management of drainage water flow and water quality per SMC 22.805.020.E. Refer to CAM 501. For projects with 5,000 square feet or more of new and replaced impervious surface, a comprehensive drainage control plan shall be prepared by a licensed engineer.

## Other Requirements

Owners of residential property occupied by a tenant who will be displaced by housing demolition, substantial rehabilitation, change of use, or removal of use restrictions may need to obtain a Tenant Relocation License. Refer to DPD CAM 123, Seattle's Tenant Relocation Assistance Ordinance, for further information and instructions or call (206) 684-7979.

If your project involves additions or modification to or demolition of an existing building that contains four or more dwelling units or 4,000 square feet or more of non-residential area, and the building is a designated historic landmark or is 50 years old and meets the criteria set forth in SMC 25.12 for landmark designation, SEPA is required. Please contact the Department of Neighborhoods at (206) 684-0228 or [www.seattle.gov/neighborhoods/preservation](http://www.seattle.gov/neighborhoods/preservation) to determine if your building is a designated landmark or if a referral is necessary to determine if the building meets the criteria in SMC 25.12. Refer to CAM 208 for information regarding the application requirements for a SEPA review and CAM 3000 for information regarding landmarks and historic preservation.

## Applicant Next Steps

1. Please review the requirements set forth in this report.
2. Use Client Assistance Memos (CAMs), checklists and standards, and 5 Steps for a Successful DPD Application Submittal (available on the DPD website) for additional information.
3. Call or e-mail the appropriate contact if you have any outstanding questions.
4. If a SIP is required, you must submit it to SDOT to screen for acceptance a minimum of five days prior to DPD construction intake. DPD will not accept your application until this has been done.
5. Use the Seattle City Light website to obtain a range of information and services including the Requirements for Electric Service Connection (RESC), electric service applications and guidelines (<http://www.seattle.gov/light/newconstruction/>).
6. Contact an Electric Service Representative for your electrical service design and connection questions:  
North of Denny Way (206) 615-0600  
South of Denny Way (206) 386-4200  
Large Commercial & Industrial (206) 233-7177  
Service Applications (206) 233-APPS (2777)
7. If you have additional questions or need additional help, you may request a pre-submittal conference. For more information, call (206) 684-8850 or go to DPD's website for a copy of the pre-submittal conference application and instructions ([http://www.seattle.gov/dpd/Publications/Forms/Building\\_Permit/default.asp](http://www.seattle.gov/dpd/Publications/Forms/Building_Permit/default.asp)).
8. When all issues have been addressed, you may schedule an intake appointment with DPD. Please bring a copy of this report.

The requirements and determinations set forth in this document are based on the following:

Details provided by the applicant on the preliminary application form and site plan submitted to DPD. If project criteria are changed before your SDOT SIP is designed and/or before your DPD intake, the requirements in this report are subject to change.

Current municipal codes and ordinances, which may be subject to change. If there are code changes prior to your DPD intake, the project must meet the new code requirements.

The scope of your proposed project as described in the preliminary application form. Additional street improvement requirements may be triggered if a permit application for a development project on adjacent property is also undergoing review.
